Unauthorized disclosure of
 information contained in this
 report will be considered to be
 a violation of AFR 205-1

Investigation requested by Commanding
 General, 26th Air Division, Roslyn, New
 York, of unidentified flying objects
 sighted over Westhampton Beach, New York.
 Mrs. ██████████ Civil Defense
 ground observer who sighted objects,
 interviewed; stated one (1) object
 approached from easterly direction, the
 other from westerly direction, altitude
 and speed unknown. Both objects lost to
 view traveling in a westerly direction.
 Interviewee person of high standing in
 community. Weather Officer, Suffolk
 County Air Force Base, stated no weather
 balloons released 15 January 1953. Prevail-
 ing winds that date from southwest.

DETAILS:

1. This investigation requested by the Commanding General, 26th Air Division, Roslyn, New York, by letter dated 16 January 1953, file 26ADIPM, requesting an investigation be conducted concerning the reporting by Mrs. MAXWELL, 3155 Westhampton Beach, New York, of seeing an unidentified object at CL 2040 at 2130Z. The object looked like a star, was red on top and moved very slowly west.

AT WESTHAMPTON BEACH, NEW YORK

2. Mrs. [REDACTED] North Beach Road, Westhampton Beach, New York, was interviewed by the writer at her home on 29 January 1953. Mrs. [REDACTED] stated that she is a member of the Civil Defense Ground Observer Corps and was on duty from 1600 hours to 1800 hours, 15 January 1953, in the tower of the Westhampton Beach High School at the time of her observation. She advised that at approximately 1630 hours she observed an object which she at first thought to be an airplane move very slowly into her view, traveling in a westerly direction, southwest of town. Mrs. MAXWELL could not describe its shape or size, or estimate its height or speed, except to say that it moved very slowly and appeared to waver. The unknown object was very high and at first seemed to have a redish glow at the top, and later as it began to get dark it glowed white and looked like a star. Mrs. [REDACTED] further stated that approximately twenty (20) minutes after sighting this first object she sighted a second one, exactly like the first, traveling quite rapidly and approaching the town from a westerly direction. It appeared to half circle the first object and then travel at the same speed and in the same direction as the first object. Mrs. [REDACTED] watched both objects until it grew dark, approximately one and one-half (1½) hours after sighting the first object, at which time they looked like stars and were lost to her view. Interviewee stated that she reported each object immediately after her sightings, by telephone, to the New Haven, Connecticut, Civil Defense Filter Center. She stated that she reported them as unidentified objects, but she is now quite certain that they were balloons, particularly because of their "waving". Mrs. [REDACTED] further stated that she heard no sound from the objects and that all of her observation was with the naked eye.

3. Miss [REDACTED] Village Clerk, Westhampton Beach, New York, was interviewed by the writer at the Village Hall on 29 January 1953. Miss [REDACTED] stated that Mrs. [REDACTED] is a respected member of the community and is honest, dependable, trustworthy, and loyal to the United States Government.

AT SUFFOLK COUNTY AIR FORCE BASE, WESTHAMPTON BEACH, NEW YORK

4. Captain DONALD M. COHEN, AO 831 495, USAF, 12-9 Weather Detachment Base Weather Officer, was interviewed by the writer on 29 January 1953. After reviewing his records, Captain COHEN stated that at 1630 hours, 15 January 1953, a twenty (20) knot southwest wind was blowing at three thousand (3000) feet, and further that no weather balloons were released from Suffolk County Air Force Base on 15 January 1953. COHEN stated that

UNCLASSIFIED

there are many United States Air Force, Navy, and Coast Guard weather stations near enough for weather balloons to drift over Westhampton Beach, New York, if wind conditions are favorable.
