| b. Northeast | d. Southeast | f. Southwest | h. Northwest <input checked="" type="radio"/> |

24.2 How fast were you moving? 10 miles per hour.

24.3 Did you stop at any time while you were looking at the object?

(Circle One) Yes  No

25. Did you observe the object through any of the following?

- |                 |     |    |                |                                      |    |
|-----------------|-----|----|----------------|--------------------------------------|----|
| a. Eyeglasses   | Yes | No | e. Binoculars  | Yes <input checked="" type="radio"/> | No |
| b. Sun glasses  | Yes | No | f. Telescope   | Yes                                  | No |
| c. Windshield   | Yes | No | g. Theodolite  | Yes                                  | No |
| d. Window glass | Yes | No | h. Other _____ |                                      |    |

26. In order that you can give as clear a picture as possible of what you saw, describe in your own words a common object or objects which, when placed up in the sky, would give the same appearance as the object which you saw.

like a Baseball out in field

27. In the following sketch, imagine that you are at the point shown. Place an "A" on the curved line to show how high the object was above the horizon (skyline) when you *first* saw it. Place a "B" on the same curved line to show how high the object was above the horizon (skyline) when you *last* saw it. Place an "A" on the compass when you *first* saw it. Place a "B" on the compass where you *last* saw the object.

28. Draw a picture that will show the motion that the object or objects made. Place an "A" at the beginning of the path, a "B" at the end of the path, and show any changes in direction during the course.

29. IF there was MORE THAN ONE object, then how many were there? \_\_\_\_\_  
 Draw a picture of how they were arranged, and put an arrow to show the direction that they were traveling.

30. Have you ever seen this, or a similar object before. If so give date or dates and location.

*no*

31. Was anyone else with you at the time you saw the object? (Circle One) Yes  No

31.1 IF you answered YES, did they see the object too? (Circle One) Yes  No

31.2 Please list their names and addresses:

35. Information which you feel pertinent and which is not adequately covered in the specific points of the questionnaire or a narrative explanation of your sighting.

I was returning home from hunting in triangulation look-out area when I seen this object so I stopped and watched to see what it was. I could not remember anything like that in that area before and I have been hunting this area for 15 years, and then it moved north and then it shot and moved back south and disappear. reappear and hover. I was at 1100 feet on Andersons creek canyon and it was level with me it seemed. I could not see any wings or openings.
