

PROJECT 10073 RECORD CARD

1. DATE 18 April 1956	2. LOCATION SE corner of Minnesota		12. CONCLUSIONS <input type="checkbox"/> Was Balloon <input type="checkbox"/> Probably Balloon <input type="checkbox"/> Possibly Balloon	
3. DATE-TIME GROUP Local _____ GMT <u>19/0205Z</u>	4. TYPE OF OBSERVATION <input type="checkbox"/> Ground-Visual <input type="checkbox"/> Ground-Radar <input checked="" type="checkbox"/> Air-Visual <input type="checkbox"/> Air-Intercept Radar		<input type="checkbox"/> Was Aircraft <input type="checkbox"/> Probably Aircraft <input type="checkbox"/> Possibly Aircraft	
5. PHOTOS <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	6. SOURCE Military (AF Pilot)		<input type="checkbox"/> Was Astronomical (star/planet) <input type="checkbox"/> Probably Astronomical <input checked="" type="checkbox"/> Possibly Astronomical	
7. LENGTH OF OBSERVATION forty minutes	8. NUMBER OF OBJECTS one	9. COURSE erratic in W	<input type="checkbox"/> Other _____ <input type="checkbox"/> Insufficient Data for Evaluation <input type="checkbox"/> Unknown	
10. BRIEF SUMMARY OF SIGHTING One point of light, smaller than the head of a pin held at arms length, appeared to be colors of rainbow, changing. The object moved erratically from side to side. Faded from sight after forty minutes. No pickup on radar.			11. COMMENTS The duration of the sighting, the changing of colors, and the positions of Venus or Capella, as compared with the positions of the UFOB, are suggestive that this sighting was possibly generated by one of the above mentioned heavenly bodies. Fact that obj could not be picked up on radar substantiates this conclusion.
