8. REMARKS  
*Coord w/Capt Thompson.  
Talked to Bob Davis re: par 2 of his concurrence. Capt Thompson also advised he talked to Udo Schulz. It was agreed that atch recommended <sup>by OCV</sup> was not necessary since OCNE would be responsible for making boundary determination + their UFO project officer would have access to the map mentioned (part of Devere Plan). I felt par 5c of Sup was misleading + Capt Thompson + OCK suggested chg as shown, which is better I believe.*
