PROJECT 10073 RECORD

1. DATE - TIME GROUP 9 August 65 ~~10/0300Z~~ 9/0500Z	2. LOCATION San Rafael, California
3. SOURCE Civilian	10. CONCLUSION A/C
4. NUMBER OF OBJECTS Multiple	Data indicated very poor quality of information. Observers out looking at stars. Probably a/c. Inconsistant information on duration and speed reported. Also brightness confusing and data of initial report was 9 Aug while form says 6 Aug. The youths probably say A/C lights in the distance.
5. LENGTH OF OBSERVATION 1-10 Minutes, 2 Hr period	11. BRIEF SUMMARY AND ANALYSIS Dome shaped light appearing singly at first then in twos later. Varied color from red to white to blue. No features, no sound. Observed between 1900-2100 for periods of 1 to 10 minutes. Objects were at about 20 deg elevation seeming to rise to about 40 deg elevation. Disappeared at about 10 deg elevation behind hills. The objects would go West, stop and come back East very suddenly. Observed through BX and TX. Form 164 sent for additional data.
6. TYPE OF OBSERVATION Ground-Visual (BX)(TX)	
7. COURSE East to West and Back	
8. PHOTOS ☐ Yes ☒ No	
9. PHYSICAL EVIDENCE ☐ Yes ☒ No

REPLY TO
ATTN OF: SGOTN-BO

23 August 1965

SUBJECT: UFO Reports

TO: AFCS (FTD)
Wright-Patterson AFB, Ohio 45433

1. Attached reports are submitted for your information and disposition. Follow-up investigations revealed no additional information or explanations. Personnel reporting subject sightings were sent thank you letters from the Base Joint Office of Information.

2. The 8mm movie film submitted by Mr [redacted], San Pablo, California, was previewed locally and decision made to forward for purpose of your more expert evaluation. It is requested by Mr [redacted] that his film be returned when you are finished examining it.

FOR THE COMMANDER

Alfred V. Mankedick

ALFRED V. MANKEDICK, Civ
Asst Base Operations Officer

Date: 9 August 1965

Dispatcher on duty: Alc Glenn S. Goleman

Unidentified Flying Object

1. Name and location of Observer

[redacted]r., San Rafael, Calif.
Tele: [redacted]

2. Description of Objects

a. Dome shaped
b. About the size of a baseball
c. Varying colours (red, blue, white)
d. Flying singly at first, but later on were flying in formation of twos
e. They had no descernible features
f. They had no sound

3. Description of course of objects

a. Was sitting om sun deck looking up at the sky when a bright light caught my attention.
b. At first the objects seemed to be about 20 degrees above the horizon, then they would go up to about 40 degrees above the horizon.
c. At the time of their disappearance, they were about 10 degrees above the horizon disappearing behind some hills.
d. A couple of the objects would travel west, then he would stop, then they would go back eastward very suddenly.
e. The objects would disappear to the east and west instantaniously
f. The objects were visible from one to ten minutes

4. Manner of Observation

a. The observer viewed the objects with the aid of a pair of binoculers and a telescope.
b. The times of the sightings were between 1900 and 2100 Local time 9 August 65.
c. At the time of sighting, the observer was at the north end of San Rafael.

San Rafael, California

Dear Mr[redacted]

Reference your recent unidentified sighting of 9 August 1965. The information which we received was not sufficient for evaluation. Request that you fill out the attached FTD Form 164 and return it in the envelope provided.

The Air Force appreciates your interest in this subject.

Sincerely,

HECTOR QUINTANILLA, Jr, Major, USAF
Chief, Project Blue Book

U.S. AIR FORCE TECHNICAL INFORMATION

This questionnaire has been prepared so that you can give the U.S. Air Force as much information as possible concerning the unidentified aerial phenomenon that you have observed. Please try to answer as many questions as you possibly can. The information that you give will be used for research purposes. Your name will *not* be used in connection with any statements, conclusions, or publications without your permission. We request this personal information so that if it is deemed necessary, we may contact you for further details.

1. When did you see the object?

6 (Day) August (Month) 65 (Year)

2. Time of day: 21 (Hour) 20 (Minutes)

(Circle One): A.M. or (P.M.)

3. Time Zone:

(Circle One): a. Eastern
b. Central
c. Mountain
(d.) Pacific
e. Other _____

(Circle One): (a.) Daylight Saving
b. Standard

4. Where were you when you saw the object?

[redacted] (Nearest Postal Address) San Rafael (City or Town) Calif (State or County)

5. How long was object in sight? (Total Duration) _____ (Hours) 10 (Minutes) _____ (Seconds)

a. Certain
(b.) Fairly certain
c. Not very sure
d. Just a guess

5.1 How was time in sight determined? Bywatch

5.2 Was object in sight continuously? Yes ✓ No _____

6. What was the condition of the sky?

DAY	NIGHT
a. Bright	(a.) Bright
b. Cloudy	b. Cloudy

7. IF you saw the object during DAYLIGHT, where was the SUN located as you looked at the object?

(Circle One): a. In front of you
b. In back of you
c. To your right
d. To your left
e. Overhead
f. Don't remember

FORM FTD OCT 62 164 This form supersedes FTD 164, Jul 61, which is obsolete.

8. IF you saw the object at NIGHT, what did you notice concerning the STARS and MOON?

8.1 STARS *(Circle One)*:

a. None
(b.) A few
c. Many
d. Don't remember

8.2 MOON *(Circle One)*:

a. Bright moonlight
b. Dull moonlight
(c.) No moonlight – pitch dark
d. Don't remember

9. What were the weather conditions at the time you saw the object?

CLOUDS *(Circle One)*:

(a.) Clear sky
b. Hazy
c. Scattered clouds
d. Thick or heavy clouds

WEATHER *(Circle One)*:

a. Dry
b. Fog, mist, or light rain
c. Moderate or heavy rain
d. Snow
e. Don't remember

10. The object appeared: *(Circle One)*:

(a.) Solid
b. Transparent
c. Vapor
(d.) As a light
e. Don't remember

11. If it appeared as a light, was it brighter than the brightest stars? *(Circle One)*:

(a.) Brighter
b. Dimmer
c. About the same
d. Don't know

11.1 Compare brightness to some common object:

Street light

12. The edges of the object were:

(Circle One): a. Fuzzy or blurred
b. Like a bright star
(c.) Sharply outlined
d. Don't remember

e. Other _____

13. Did the object:

(Circle One for each question)

a. Appear to stand still at any time?	(Yes)	No	Don't know
b. Suddenly speed up and rush away at any time?	(Yes)	No	Don't know
c. Break up into parts or explode?	Yes	(No)	Don't know
d. Give off smoke?	Yes	(No)	Don't know
e. Change brightness?	(Yes)	No	Don't know
f. Change shape?	Yes	(No)	Don't know
g. Flash or flicker?	(Yes)	No	Don't know
h. Disappear and reappear?	(Yes)	No	Don't know

14. Did the object disappear while you were watching it? If so, how? Yes It was there and then it was gone

15. Did the object move behind something at any time, particularly a cloud?

(Circle One): Yes (No) Don't Know. IF you answered YES, then tell what it moved behind: _____

16. Did the object move in front of something at any time, particularly a cloud?

(Circle One): Yes (No) Don't Know. IF you answered YES, then tell what in front of: _____

17. Tell in a few words the following things about the object:

a. Sound No sound

b. Color White, Blue, Brown, Red

18. We wish to know the angular size. Hold a match stick at arm's length in line with a known object and note how much of the object is covered by the head of the match. If you had performed this experiment at the time of the sighting, how much of the object would have been covered by the match head? Match Head Covers hole object

19. Draw a picture that will show the shape of the object or objects. Label and include in your sketch any details of the object that you saw such as wings, protrusions, etc., and especially exhaust trails or vapor trails. Place an arrow beside the drawing to show the direction the object was moving.

20. Do you think you can estimate the speed of the object?

(Circle One) (Yes) No

IF you answered YES, then what speed would you estimate? 1500 mPh

21. Do you think you can estimate how far away from you the object was?

(Circle One) Yes No

IF you answered YES, then how far away would you say it was? _____

22. Where were you located when you saw the object? (Circle One):

a. Inside a building
b. In a car
(c.) Outdoors
d. In an airplane (type)
e. At sea
f. Other _____

23. Were you (Circle One)

a. In the business section of a city?
(b.) In the residential section of a city?
c. In open countryside?
d. Near an airfield?
e. Flying over a city?
f. Flying over open country?
g. Other _____

24. IF you were MOVING IN AN AUTOMOBILE or other vehicle at the time, then complete the following questions:

24.1 What direction were you moving? (Circle One)

a. North c. East e. South g. West
b. Northeast d. Southeast f. Southwest h. Northwest

24.2 How fast were you moving? _____ miles per hour.

24.3 Did you stop at any time while you were looking at the object?

(Circle One) Yes No

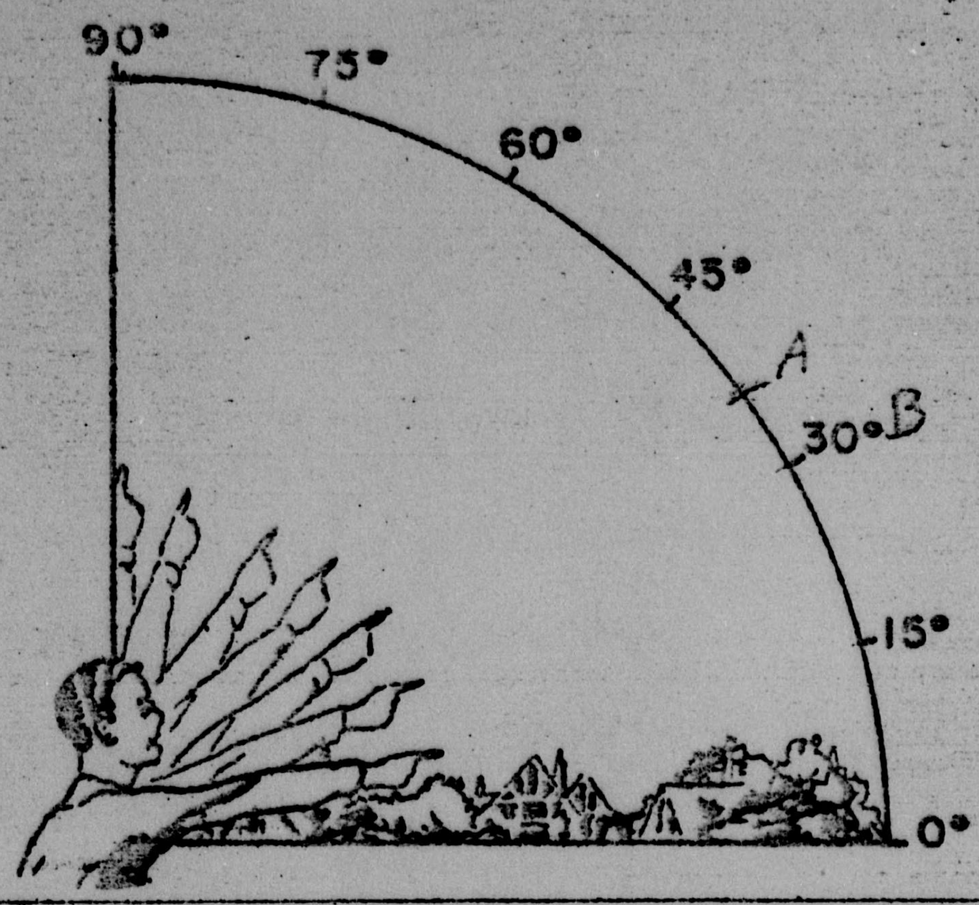
25. Did you observe the object through any of the following?

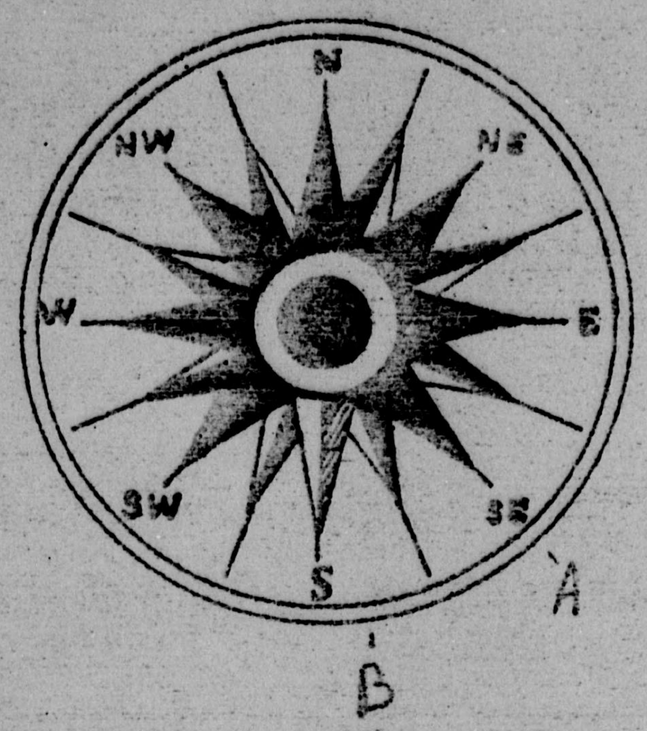
a. Eyeglasses	Yes	No	e. Binoculars	(Yes)	No
b. Sun glasses	Yes	No	f. Telescope	(Yes)	No
c. Windshield	Yes	No	g. Theodolite	Yes	No
d. Window glass	Yes	No	h. Other _____		

26. In order that you can give as clear a picture as possible of what you saw, describe in your own words a common object or objects which, when placed up in the sky, would give the same appearance as the object which you saw.

Inverted Street Light

27. In the following sketch, imagine that you are at the point shown. Place an "A" on the curved line to show how high the object was above the horizon (skyline) when you *first* saw it. Place a "B" on the same curved line to show how high the object was above the horizon (skyline) when you *last* saw it. Place an "A" on the compass when you *first* saw it. Place a "B" on the compass where you *last* saw the object.





28. Draw a picture that will show the motion that the object or objects made. Place an "A" at the beginning of the path, a "B" at the end of the path, and show any changes in direction during the course.

29. IF there was MORE THAN ONE object, then how many were there? 4
Draw a picture of how they were arranged, and put an arrow to show the direction that they were traveling.

30. Have you ever seen this, or a similar object before. If so give date or dates and location.

No

31. Was anyone else with you at the time you saw the object? *(Circle One)* (Yes) No

31.1 IF you answered YES, did they see the object too? *(Circle One)* (Yes) No

31.2 Please list their names and addresses:

John & Ellen McGuire 19 Ridgewood Drive San Rafael

32. Please give the following information about yourself:

NAME [redacted] (Last Name) [redacted] (First Name) [redacted] (Middle Name)

ADDRESS [redacted] (Street) San Rafael (City) ___ (Zone) ___ (State)

TELEPHONE NUMBER [redacted] AGE 15½ SEX Male

Indicate any additional information about yourself, including any special experience, which might be pertinent.

Star gazer

33. When and to whom did you report that you had seen the object? Hamilton Air Force Base

9 (Day) 2 (Month) 65 (Year)

34. Date you completed this questionnaire: 10 (Day) Sept (Month) 65 (Year)

35. Information which you feel pertinent and which is not adequately covered in the specific points of the questionnaire or a narrative explanation of your sighting. They would be going
forely slow but when another object came into
view it would speed up quite a bit and then disappear

No Case, Information Only
Source: IIR, Vol 1, No 3, September 65

4 August 1965
Lake Superior, Mich.

MICHIGAN: Personnel at the Air Force radar base in the Keweenaw Penninsula reported "Solid radar contact" with seven to ten unidentified flying objects moving in a V formation over Lake Superior on Wednesday, August 4, 1965. The UFO's were moving out of the southwest at 9,000 miles an hour and were 5,200 to 17,000 feet high. Seven other UFO's were spotted over Duluth and jet interceptors gave chase, but were easily out-distanced.

TULSA, Oklahoma: A formation of "17 or better" unidentified flying objects were observed by a group of Tulsa church goers on Sunday about 12:30 p.m. "They were moving fast, then they stopped just like they were watching us and then they started moving again, very slowly." "It's odd, they would go a distance, then stop, the color would change slowly from white to green to red," then they went on." **IIOUFO Tulsa Office investigated.**

NO CASE (INFORMATION ONLY)

5 AUG 1965
Calumet AFS, Michigan

Dear Mr. [redacted]

The President has asked that I reply to your letter concerning unidentified flying objects.

Reference is made to the press release which you enclosed in your letter. The Commander of the Calumet Air Force Station in Michigan has stated that he was on duty on 5 August 1965 and that no unidentified flying objects were tracked on radar. There was no report made to this effect.

We have not yet received the evaluation of the Wichita radar report.

You will be interested to know that all unidentified objects picked up or tracked on radar have been analyzed as flocks of birds, weather phenomena, or reflections from ground targets.

I am enclosing a report on Project Blue Book, the Air Force project on unidentified flying objects. This report will provide you with information on this program since its origin in 1948.

I am happy to be of assistance in providing this information to you.

Sincerely,

R36 DU

HOUGHTON, MICH., AUG. 5 (UPI)--PERSONNEL AT THE U.S. AIR FORCE RADAR BASE IN THE KEWEENAW PENINSULA TODAY REPORTED "SOLID RADAR CONTACT" WITH 7 TO 10 UNIDENTIFIED FLYING OBJECTS MOVING IN A "V" FORMATION OVER LAKE SUPERIOR YESTERDAY.

THE OBJECTS WERE MOVING OUT OF THE SOUTHWEST AND WERE HEADING NORTH-NORTHEAST AT ABOUT 9,000 MILES PER HOUR, THE MEN SAID. THEY WERE 5,200 TO 17,000 FEET HIGH.

ONE OF THE MEN AT THE BASE SAID THREE OTHER RADAR STATIONS, IN NORTH DAKOTA, MINNESOTA AND LUTHER AIR STATION IN CANADA, ALSO REPORTED SPOTTING THE OORCT . HE SAID TO LUTHER STATION REPORTED ELECTRONIC JAMMING OF ITS RADAR.

SEVEN OTHER OBJECTS WERE SPOTTED OVER DULUTH AND JET INTERCEPTORS GAVE CHASE, HE SAID, BUT THEY COULD NOT MAINTAIN THE SPEED OF THE UFO'S AND WERE EASILY OUTDISTANCED.

THE RADAR PERSONNEL, AIR FORCE ENLISTED MEN, ASKED THAT THEIR NAMES NOT BE DISCLOSED.

BO 8AES...

Mrs. Hunt/man/SAFOICC/72842/5 Oct 65

5 Oct 65

Dear Mr [redacted]

[redacted] of Malabar, Florida, did submit his film to the Air Force for evaluation. The film was analyzed at Patrick Air Force Base, Florida. The results of the analysis indicated that the objects depicted were defects in the film. The film has been returned to Mr. Peek.

I talked with Doctor Hynek about the newspaper article you inquired about. Doctor Hynek does not know Fred Hobson; consequently, he could not have made such a statement to him. If you find out who Mr. Hobson is or who he works for, we would appreciate it if you would pass this information on to us.

With reference to the alleged radar UFO report from the Kewanee Peninsula in Michigan, the commander of the Calumet Air Force Station, Michigan, has stated that he was on duty on 5 August 1965 and that no unidentified flying objects were tracked on radar. There was no report made to this effect.

I checked around and found out about the radio show you were on in this area. Radio station WMAL obtained a tape of the Barry Farber Show (WOR, New York) by contract and used it on 24 September 1965. It has been returned to New York.

I am happy to be of assistance in providing you with this information.

Sincerely,

Dear Mr. [redacted]

Recently you requested information on an unidentified flying object report on behalf of Bruce Henderson.

The commander of the Calumet Air Force Station on the Kewanee Peninsula in Michigan has stated that he was on duty on 5 August 1965, the date of the alleged incident, and that no unidentified flying objects were tracked on radar. There was no report made to this effect.

I am happy to be of assistance in providing this information to you.

Sincerely,

Washington, D. C.

Dear Sir:

I am in receipt of an inquiry from Mr. [redacted] one of my constituents who is very much interested and has been following closely reports of unidentified flying objects.

He refers to a UPI release from Houghton, Michigan, reporting that the U. S. Air Force Radar Base in the Keweenaw Peninsula had a "solid radar contact" with up to 10 UFOs flying in V formation over Lake Superior. He stated that the report said the objects were moving out of the southeast in a NNE direction at about "9,000 miles per hour." And that they were 5,200 to 17,000 feet high. The report also states that seven objects were sighted over Duluth and jet interceptors gave chase.

You comment on the above will be appreciated.

Very truly yours,

John B. Anderson

15. SUMMARY: Following article translated from NOWINY RZESZOWSKIE dated 24 August 65: "FLYING SAUCERS" OVER CZECHOSLOVAKIA" - (PRAGUE) Central Czech papers (Mlada Fronta, Lidova Demokracie, Prace, Svobodne Slovo) reported on August 20 on "flying saucers" which appeared over the CSRS territory. On August 4, after 2100 hours, a bank clerk, I. [redacted], noticed 4 shining saucers in Southern Czechoslovakie, near Strakonice. The shining discs were observed over the horizon for 5 minutes, they got disengaged from one another, and gradually disappeared in space. Each one of the discs shone for a few seconds.

Explanation of the phenomenon, as given by V. Guth, the director of the Ondrejow astronomic observatory, and member-correspondent of the Czech Academy of Sciences: in the days of August 12-14, the Earth crossed the constellation of Perseus. Another explanation by the same scientist: the flight of the "Echo" sputnik. He does not believe in "flying saucers".

6 Aug 65
Ambleside, England

Ambleside

Next came the first widely-publicised case in the Lake District itself. This incident took place late in the evening of August 6—just before midnight. Many newspapers, including the *Sunday Citizen* (August 8), and the *Yorkshire Post* and *Daily Express* (August 9) told stories of a young couple who had witnessed (the girl with much terror) a 'groaning' cigar-shaped object with golden revolving windows, the whole glowing fiery red. There were reports too of sparks and disturbed cattle. We are indebted to reader **Jack Ibson** for his efforts to locate the couple, and to interview them on our behalf. The following is his account:

"Michael Dean, and his girl friend Molly Petherick, both of Bradford, Yorkshire, were nearing the end of their holiday in the Lake district. After reading the account in the *Yorkshire Post*, I traced the hostel where they had been staying; but as I received little help in that quarter, I eventually ran them to ground in Bradford. I taped an interview at my home.

"The hostel at Ambleside consists of a main Guest House and a cottage some distance away in the grounds. After a farewell party with other young people at the cottage, Mr. Dean and Miss Petherick left just after 11 p.m. to walk back to the Guest House. They were some way ahead of the others when suddenly they heard a low droning noise, like an aircraft flying low and pulling a very heavy load. Bullocks at a nearby farm started to kick up a din, which

extensive search was made, but nothing was found.

"Some newspapers reported that sparks and smoke had been observed, but this was not true. Neither was the description of Mr. Dean as an airfield worker, for he works in a Bradford office.

"It transpired that BUFORA interviewers had already spoken to Mr. Dean, and showed him illustrations of various types of UFOs. Both he and Miss Petherick settled for the Darbishire saucer as being the nearest
